

Sprint 4 (week 2.5)

Task / Issue	Assignee	Estimated effort	Actual Effort	Done	Notes
Chain of responsibility Design Pattern	Nadine	6h	16h	<input checked="" type="checkbox"/>	Extra tests to be added yet.
Strategy Design Pattern	Panas	3h	5h	<input checked="" type="checkbox"/>	
User can register for pre-allocated lessons	Panas, Emil	3h	3h	<input checked="" type="checkbox"/>	
Admins shall be able to see who was the last user to book equipment	Panas, Emil	1h	1h	<input checked="" type="checkbox"/>	
Testing making equipment reservation	Emil, Panas	4h	8h	<input checked="" type="checkbox"/>	Also find out the syntax etc took time
Service tests (Reservation, Equipment, SportRoom, Group)	Nadine	1.5h	2h	<input checked="" type="checkbox"/>	JaCoCo to be configured.
Controller tests (Reservation, Equipment, SportRoom, Group)	Nadine	1.5h	2h	<input checked="" type="checkbox"/>	
Users can create a group.	Arslan	1h	1h	<input checked="" type="checkbox"/>	
Users can make a reservation, as a group, by filling in the group ID.	Arslan, Erwin	5h	8h	<input type="checkbox"/>	Works for groups of size 2, but not larger. Need to fix this bug.
Finding out how JaCoCo works	Emil	2h	30min	<input checked="" type="checkbox"/>	Still no progress
Users can log in.	Emma	3h	5h	<input type="checkbox"/>	Lot of unexpected errors so taking more time than expected

Main problems encountered

Finding out how to use proper testing syntax
A lot of discussions on how to go about doing things
Finding out how to use Jacoco in a multi module project

Adjustments next sprints

Inform each other more about progress and implementations. (use boards in GitLab)
Be more aware of MRs on GitLab and review them on time.
